#### **About the PSST**

The PSST, a non-profit corporation organized under the laws of the District of Columbia, is the Public Safety Broadband Licensee (PSBL), holding an FCC license for public safety spectrum in the upper 700 MHz band designated for nationwide wireless broadband use. The PSST’s mission is to provide national public safety leadership an organizational structure through which decisions can be made to guide the construction and operation of an interoperable nationwide broadband network via a public safety-commercial partnership, ensuring the communications requirements of the public safety community are met.
